OVER-THE-COUNTER MEDICINES ARE
SMART SOLUTIONS FOR AFFORDABLE, ACCESSIBLE HEALTHCARE
OTCs ARE YOUR HEALTH AT HAND

THE IMPORTANCE OF OVER-THE-COUNTER MEDICINES

Over-the-counter (OTC) medicines are sold directly to consumers without a prescription. Annually, consumers spend $30 billion on OTC medicines to treat symptoms like headaches, fevers, and upset stomachs. On average, every dollar spent by consumers on OTC medicines saves the U.S. healthcare system $6-$7, contributing $102 billion in savings each year.
