"Under the guidance of CHPA, companies are able to work together to navigate industry and category-wide issues and arrive at better solutions than they would have had they worked individually."

"CHPA is an extension of our bench - a place where we can find people who can help us and provide industry guidance."

CHPA represents the leading manufacturers and marketers of over-the-counter (OTC) medicines, consumer medical devices (CMD) and dietary supplements (DS). We empower self-care by preserving and expanding choice and availability of consumer healthcare products.
